Scientific meetings

08 June 2021

14:30

Scientific Meeting - Synthesis of Science: The challenge of search for systematic reviews

Coordinator: Rogério Rodrigues, Deputy Director of the PCEBP. ESEnC, Portugal.

Experts:

Amanda Ross-White, Librarian with the School of Nursing at Queen's University, Canada.

Daniela Cardoso, Researcher at UICISA: E, ESEnC, Portugal.

Miloslav Klugar, Professor. Director of the Czech Republic (Middle European) Centre for Evidence-Based Healthcare: A Joanna Briggs Institute Centre of Excellence, Czech Republic.

This meeting is integrated into the Development Strategic Axis of the UICISA: E for the Synthesis and Implementation of Science.

The search of evidence constitutes a challenge for research teams aiming to conduct a systematic review. Search is the foundation of a systematic review, and so its quality and results depend on the strategy used.

This meeting aims to promote the sharing and discussion of experiences of advanced search for systematic reviews.
