

Facilities for Staff at St George's Hospital

There are a number of excellent facilities on offer for staff at St George's Healthcare NHS Trust.

Staff Accommodation

Accommodation is available for all staff working at St George's Hospital and the Wolfson Rehabilitation Centre. The accommodation is managed by Thames Valley Housing Association in close consultation with the Trust.

The accommodation is located at St George's Grove, a short distance from the hospital and Tooting Broadway tube station, therefore providing excellent transport links. One, two, three and four bedroom flats are available, all rooms within the shared flats have an en-suite bathroom. All flats are fully furnished and the shared kitchen/living space is cleaned weekly by TVHA.

St George's Library

The library is situated in the University. All St George's Healthcare staff are eligible for membership. The library provides books, journals, databases and introductory tutorials for staff.

Banking Facilities

The Trust's bankers are National Westminster, with a bank and cash point facility on site. Most of the major banks and building societies can also be found in the Tooting Broadway area.

The Robert Lowe Sports Centre

The Sports Centre is available to all staff at a great price and is open from 7am to 10.45pm.

Facilities include 2 CV rooms with treadmills, bikes, steppers, rowing machines & cross trainers, a fixed resistance room, free weights room, a sports hall and squash courts. The Centre also offers a number of classes, including Pilates and Circuits.

Food and Drink

We have a number of on site food and drink facilities. M&S Simply Food is open 7 days a week, 8am to 8pm, along with the M&S Café, for take-away and eat-in service.

There is also the Whistlestop convenience store, Peabody's Coffee Bar, Costa Coffee Bar and the Ingredients Restaurant offering a wide variety of hot and cold food and beverages.
